DO NOT CUT THIS PART OFF

1. Cut out the 3 individual triangular flags with scissors but do **not** cut off the TABS along the top of each flag.
2. Take one of the triangular flags and wrap the TAB around a long piece of string or wool and fix in to place with cello tape.
3. Leave a gap and repeat no. 2 until all your flags are attached then hang them around your home. Print out as many flags as you need!
