Daventry Town Council has reviewed the application and submits an objection as it considers the proposal to be an overdevelopment of the site, which would detract from the amenities of neighbouring properties and although the proposal does not technically reduce the parking provision, it would leave inadequate on-site parking provision for a six bedroom which is likely to result in unacceptable on-street parking, placing increased pressure on neighbouring properties in an already problematic area which is contrary to paragraph 109 of the National Planning Policy Framework.	11/11/2024
23/10/2024	2024/4681/FULL	Approved	18 Perch Close Daventry NN11 8YY	Proposed single storey extension to side of existing garage	Daventry Town Council has reviewed the application and has no objection in principle to the proposed single storey extension to the side of the existing garage but would like to raise concerns with the proposed skylights and the impact on the amenities of the neighbouring property.
